CONTINENTAL STANDARD MIXER

When it Pours, We Reign. The heart and soul of the Continental Mixer has always been our legendary drum. We got our start building high quality replacement parts, and it still shows today. Whether it's the Standard, or the Paver, Continental Mixers are anything but Conventional.

- **Legendary fully welded Continental Drum**
- **Fastest Charge and Discharge in the Industry**
- **The Science of Simplicity – easy to maintain**
- **Finish Line Paint Process – Mixer painted before mount**
- **Winners Circle Washdown Manifold**

We take care to keep things simple, rugged and dependable. We call it the science of simplicity. Truth is, Continental's Conventional mixers are anything but. They are the most productive mixers on the job site – stronger, faster, more reliable and more profitable to operate.

That's Continental Performance.

THE CONTINENTAL DIFFERENCE

OPERATOR-OWNED AND -LED

- Entrepreneurial
- Understand the jobsite environment

CUSTOMER TUNED PRODUCT OPTIMIZATION

A fancy way of saying that we're committed to working with you through the spec and build process. Cookie cutter trucks are not what we're about. The process we follow, identifying needs, working with your chassis supplier, understanding your environment, and optimizing the spec are what we're all about. The Continental Commitment shines through every step of the way, so that you can be certain you're getting the performance you need.

PROVEN CONTINENTAL PERFORMANCE:

| FEATURE | BENEFIT |
