DYNAMIC RADIUS

Dynamic Exclusive 240° Rotation Flat Bed

The Dynamic Radius leads the industry with innovative features, common sense simplicity, and the highest productivity. Engineered for versatility and precision, this innovative vehicle features a remarkable 240-degree rotation capability, allowing it to navigate tight spaces with unparalleled agility. Whether maneuvering through crowded parking lots or bustling city streets, the Radius Flatbed Tow Truck effortlessly goes over guardrails and easily accesses hard-to-reach areas for seamless loading.

Science of Simplicity™

- Simple, straightforward controls make training/operation easy.
- 3/16" one piece deck plate
- 240 degree deck rotation

Maximum Productivity

- 100' 3/8 Cable w Roller Guide Tension
- Wireless Proportional Remote
- Two Rear Lighting Control Stations
- 21ft Usable Deck Space

The Dynamic Difference

Operator Owned and Managed
